http://www.phpscriptsmall.com/product/market-place-script/ Market Place Script helps you to own a website marketplace website to buy and sell websites, domain names and apps. Nowadays numerous numbers of websites have been developed across the world and everyone wants to sell websites due to lack of time and all choose to buy the readymade script instead of developing on their own. You can build a website like Flippa.com with this Flippa clone Script and you can earn money for each buying and selling of the website, which is a readymade script. You can able to lists the websites for sale and view the websites in listings too. We managed to procure 10 years of free technical support and to give 5 years free updates once you purchase the script from us. Our developers managed to develop this script with ease so that technical knowledge is not required to maintain and run the script. The payment process is also made very easy as we integrated multiple payment gateways. We issue this script with free installation at your doorstep and brand free too.
