We know that IT problems can delay your work, stress you and cost a lot to fix them. Why paying for your own IT guy, that costs up to thousands of £, when you can benefit from this great deal? To support new entrepreneurs, for start-ups that are in their first year of activity, we have a special offer of 100 £/month, with a 12 month subscription. For small businesses, we have the standard 150 £/month, with a 12 month subscription. The offer is limited to 5 computers. For more than 10, we can negotiate the offer. The support is offered via remote support, email and ticketing system. It's time to fix those old problems, so old, that you consider them 'features' for the IT system. Looking forward to seeing you!
