I am retiring and no-longer need a bike. I bought this Inazuma new in February last year - it has given me 100% reliability. Being a 250cc it is super commuter and has a bit more power for a bit of a longer journey too; its cheap to run (claimed 70 -85 mpg) and easy to ride. This bike is in great condition it has been fitted with a centre stand, it has an alarm/immobiliser and it is datatagged.

All documents, manual, 2 keys and immobliser fobs and information present. Bike can be viewed in.
