80 reclaimed Welsh roof slate 18" X 12" Only £1.45p Each.

They have been cleaned down and in very good re-usable condition. Some age related wear has would be expected on some slates but all are re usable. I have removed these and they are all in the region of 5mm to 10mm thick so these have got years of life in them yet. All holes are in good condition ready for nailing back on to the roof.

Please check the images to see for your self.

I am selling these as one lot they must all go together I will not split, there is 80 slates in all.

I will consider any reasonable offers

Collection or I can deliver for a small fee if.
