I bought the car in Nov 2014 for £5,000 from Boldmere Motors and have had hassle free motoring ever since im only selling because I have had to quit work to care for my 95 year old mother who has vascular dementia and can no longer afford a car it has air con central locking greatseats for back support and a few scratches if you look hard i try to look after a car and apart from 2 small cigarette burns I have succeeded! I think if you view and drive the car you will love it and I have priced it for a quick sale i have a settlement figure from my finance company of £1,060 and I have the log book all ready Therw are 2 sets of keys I have one and the finance company the other I can't find the document from when Boldmere serviced the car but they do that to all cars they sell look forward to hearing from someone soon as need a quick sale ;
