TouchSmart ALL-in-ONE computer for sale, in really good condition used for 2-3 years. No damages done looks like new and works like new. Keyboard and a mouse is additional to computer also I will give a Bluetooth keyboard and mouse for your comfort. Keyboard cost me £80 new one but it has a small defect having two colours at the same time, but works well. Antivirus installed and lasts till 2017. I tried to put as much information as i know about this computer. Massive storage 2TB and 6GB ram Price £600, the original price was £1100, I need that someone take this because I'm not using it anymore that much.;
