PET HOME ONLY PLEASE Tallulah is a stunning example of the chihuahua breed, she is blue, tan and white. Even tho Tallulah has been brought up in a busy home with children she would suit a quiet household, as she can be very nervous at times. Tallulah is extremely docile and loves to cuddle but also loves her walks, she comes back with recall if the field is quiet I wouldn't recommend this if big dogs are around due to her being frightened easily. Tallulah thrives with other docile chihuahua's and has never bitten any one or fought with my other dogs she is a total loving character who just wants love and to play. She is fully vaccinated, wormed and house trained she will also come with her kc paper work. Tallulah is not suitable for breeding. No offers or time wasters, please only contact If you are genuinely wanting to love and cherish this little girl. Thank you for
