MacBook Pro mid 2012 1TB SSD for sale. About 2 months ago I upgraded to 1TB SSD (Samsung 850 Evo 2.5" still has 10 months warranty). Working fine but it has minor scratches on the bottom and a small dent on the right side palmrest (see pictures). It is a very reliable and fast laptop and I'm only selling it because my wife surprised me with a brand new MacBook Pro with retina display and flash.
