Slightly smaller gentlemen, or ladies Tudor oyster wristwatch. This fabulous and extremely scarce example of Tudor watch, was not previously available in the UK when it was launched in 2002. I obtained this piece via special order, through an official Rolex agency locally in West Sussex. I have been the only owner from new. Unique, and highly legible black 'California' luminova dial, and mercedes hands. Automatic (self-winding), 25 rubies Tudor movement, with hack seconds hand stop. Rapid date change function. Oyster 32mm surgical steel case, with screw-down crown and case back, plus matching Tudor bracelet. Waterproof to 50 metres/165 ft. It is accompanied with all the original documentation, box, tags and owners manual. PLEASE NOTE: It is all literally just as brand new, as I just don't wear most of my watch collection any more! RRP today would be about 1900 pounds. Keeps perfect time by the way! An extremely rare gem, and a very reluctant private sale. Serious enquiries via telephone only. Thank.
