I'm selling my 1997 vn800 as i would like a different bike.

it had a new paint job a month ago in cobalt blue with medium blue flake, It's done 51,400 miles i have a massive log of mot papers dating back to 2000, the bike did a fair amount of miles in its first 3 years but after that its done on average less then 2,000 a year, it passed it's mot just over two months ago so will come with 10 months mot, the bike rides very well, pulls like a steam train and is very comfortable. A few very minor bits of tlc need to be done, the front forks have started to become a bit worn looking, you could wet and dry it and polish it up or just respray it same is said for the brake and clutch leaver mounts.

For a fast sale im throwing in a full cruiser set up for FREE, the kit comes with.

- Another set of debaffled exhausts "currently on the bike"
- 2x givi side boxes with full mounts
- 1x wind breaker screen
- 1x sissy bar
- 1x large leather bag "big enough to put a helmet in"
- 1x leather tool bag
- 1x medium size leather tool bag "need a new ring for the belt"
- 1x leather tank protector
