It's a 1.1 late 2002 3 door, it's had new clutch, pressure plate, sump, full engine service, new brakes front and back, 90% of the brake pipes has changed to copper brake piping, one owner before me and a reconditioned back axel fitted. THE 16" ALLOYS HAVE BEEN TAKEN OFF and replaced with 17" alloys, 85000 miles barely used I only used it a few times as I have new. :-)
