ONLY 12,850 miles MOT July 2017 – no advisories Full Renault Service History Lots of paperwork Automatic Headlights Automatic Wipers Electric Windows Air Conditioning Alloy Wheels Cruise Control and Speed limiter Brand new battery I inherited this car from an elderly female friend in July this year. She owned the car from new and up until this year the car had been kept in a garage and only taken on short journeys around town. The previous owner spared no expense on the car, having it valeted every 2 weeks and ensuring it was serviced by Renault. It really is a lovely car, immaculate inside with a few parking scuffs on the outside. It's rare to find something with such low mileage and so well looked after. It went straight through its MOT in July with no advisories. Ideal for someone looking for a reliable, comfortable automatic with all the extras including automatic headlights, wipers and cruise control. I am only selling the car as I prefer a manual and am looking for something a little sportier with a soft top. Please note my temporary insurance policy expired yesterday so in order to test drive you will need to provide proof of valid insurance for the vehicle. £3950
