I am selling this as spares or repair because the gear box slips sometimes but it still drives well. it also needs a new back box and rear caliper that cost less than £100. this will make a cheap good car for someone. the cam belt as been done within the last 18 months. selling with no service history but have some history that's been done while I have owned it. this car is to good to scrap so I am open to near offer on price. if interested give me a call on 01883717516 018837175...(click to reveal full phone number) ;
