

Cushion Grip thermoplastic denture adhesive alternative

Location

Yorkshire and the Humber, North Yorkshire

<https://www.freeadsz.co.uk/x-425633-z>

Don't suffer with denture pain no longer. Comfort Lining is the new technology of denture adhesives that creates a form fitting thermoplastic secure fit to your gums. Comfort Lining will last up to one week with just one application, no need to add the paste denture adhesives every few hours Comfort Lining takes their place. Comfort Lining is also waterproof, so meaning it will not wash off your dentures or create that slime on your gums. For more details on Comfort Lining Thermoplastic Denture Adhesive, visit our website below Thank you www.comfortlining.com
