Over 30 years experience in designing and installing mezzanine floors, specialists in double deck and moving stairs with unique lifting and slide away stairs available. We design, supply and fit single-tier or multi-tier mezzanine floors advising you along the way as how you can maximize your space. All our mezzanines are unique and custom made for each building. Taking into consideration what the purpose of the mezz is, it will be constructed and designed to withstand the weight and pass all of the necessary building regulations in the UK and Europe Again, as with our self storage fit outs, SAS are known for thinking outside the box when space planning as we gain a great satisfaction out of creating that extra space for our clients. We can also, where possible fit a ultra thin mezzanine increasing the height of the top floor. Our mezzanine floor prices can include all fire rating, access and hand rails, suspended ceilings and electrical work, also all completed by SAS.
