The Nissan Qashqai is probably our number one best seller at the moment and it really isn't hard to see why, they're reliable, practical and exceptional value for your money. This is the 1.6 Diesel engine which is extremely hard to come across, compared to the more popular 1.5. The fuel economy is brilliant, to give you an idea..... on a cold engine around town you can expect around 51.4 Miles Per Gallon, on average 55.4 and on a long run you can achieve up to a staggering 61.4 MPG which when you look at the size of the vehicle really is something to boast about. This is N-TEC + version so please do not confuse this with any of the lesser spec'd models which are available on the market as with this you get a massive list of gadgets such as a 360 camera angle, Panoramic sun roof, SAT Nav and much much more. We offer customer service which is absolutely second to none, we don't just bend over backwards before and during the sale but afterwards too, and to show that we offer every single one of our customers a Free 3 Month No Quibble Warranty, by that we mean that if you experience any problems within that time frame you simply bring it back to us and we will put it right for you. Where else can you get that peace of mind?? acar2go, Where you Pay Less and Get More!! Finance is available subject to status, Please call for a no obligation quote.
