IPHONE 6S (PLUS SIZE) 128GB SILVER I am selling my iPhone 6s Plus for genuine reasons that I no longer need 2 mobile phones. The phone is under 6months old and in mint condition. This is because I have always kept in in military grade casing which offers 360 degree protection from dust, dirt, water, shocks and drops. I am happy to include this cover which cost me over £50 so you too can keep the phone in as new condition, there is not a mark or scratch on it! The phone is unlocked so any network sim will work. Any questions please ask. Please no offers of swaps I don't need another phone or silly offers I have included a picture of what the phone is retailing for today so you can see it is over £200 off the retail price so a good deal. This phone is like new!!!!!! Will come in original box with all manuals and accessories.;
