

# Triumph Spitfire 1978 for restoration (800 GBP)

Location **London, London**  
<https://www.freeadsz.co.uk/x-426547-z>

This car has been parked up and under sheets outside on my drive since the mot ran out in 02/03. Sadly I am never going to get round to getting it back on the road and I would like my drive back. It has a lot of paper work with it history, photo's of how it looked, bills and invoices for work done before. I used to start it up and run it but it hasn't been started for about two- three years. The car needs a lot of work and would suit someone with the time and money and indoor storage to get it up and running and restored. The buyer is completely responsible for the safe trailering and removal of the car. I will give the car a clean up and take and upload some pictures. Viewings most welcome, please contact to arrange. I will try to answer any questions. I am advertising else where as I am very keen to sell quickly. No time wasters.
