Superb custom hybrid build. Based around the Sidney frame from the legendary SAB factory, now owned by Planet-X. Frame size is 21" (large) and would suit riders of 5' 10" to 6' plus.

Has Suntour CR-8V forks and a suspension seatpost with comfy Carrera saddle.

This bike has a really nice fast-rolling wheelset with top quality tyres. Continental Grand Prix 4 Season Vectran on the rear and Specialized All Condition Armadillo Elite on the front - both in good condition.

21 gripshift gears and alloy V brakes. Took this bike for a 15 mile outing yesterday - it performed perfectly and is just so easy to ride.
