We offer Locksmith services for Edinburgh and Lothians and that often involves a little joinery and working with uPVC doors and windows and we are experts in all aspects of this type of work. We are fully qualified, insured and have years of experience in all we do. For lockouts, keys lost, lock mechanism failures, break-ins, smashed windows needing boarded up we have a 24 hour emergency service. For uPVC doors and windows we do security upgrades and recommend the Anti Snap Cylinder Lock which is also anti pick, anti drill and anti pull. We can repair or replace not just uPVC door locks but also rubber seals, hinges and espag window locks and fit letterboxes etc. Our joinery work doesn't stop with doors and locks, we can do kitchen fitting, full shop fit outs, decking and fencing, hardwood and laminate flooring and lots more. We offer free quotes and also free advice so if there is anything you are unsure about or want to ask just give us a call, email or contact us through our websites contact.
