1999 YAMAHA FZS 600 FAZER Colour : SILVER

Mileage : 34555

MoT Expiry : 1st sept 2017 I bought this bike over 6 years ago and it not missed a beat but due to a new job and a company car I really don't find the time to use it.

This is an excellent all round bike for commuting and having fun, and would also make a perfect first proper bike for newer riders, or someone looking to move up to a more powerful bike.

I have regularly serviced the bike myself changing the oil and filter every 6 months, and it has just gone straight through the MOT with no problems.

A new pair of Metzler tyres were fitted less than 500 miles ago.

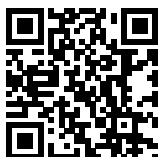

The bike has stainless steel downpipes and is currently fitted with a stainless Scorpion stubby exhaust which gives an excellent sound and better exhaust flow.

The bike is also fitted with a DATATAG immobiliser for that bit of extra security when your out and about.

The bike is in very good condition ,both the frame and wheels have been powdercoat finished and the fairing and screen have no cracks, there are a couple of minor wear marks in the usual places but it doesn't look like a bike that is 17 years old.

Also included in the sale are the standard exhaust pipe and a set of panier bags. When you see it you'll like it, but when you hear it you'll want it. The bike is available to view but No tyre kickers or Test pilots please.

if you want any more info or have any questions please message me and I'll be happy to.
