Honda Civic 1998 ej9 with 49k legit Mileage on the clock, comes with central locking remote, 2 standard keys and a unopened RARE red mast key!!.

This civic is RARE to find with this kind mileage, literally drives like new, the reason I want rid of her is because I've just moved house and bit off more than I can chew.

Has been sat in a barn for 3 years, can prove this because there is still dry leaves near the boot sills and have service history dating back till 2010 I believe.

I have just bought new 15's for the civic and a new stereo which I will through in with the car.

Has just under 12 months MOT, runs sweet as a nut, took on a 560 mile round trip and never missed a beat.

The upholstery in the car is mint and even comes with the RARE civic floor mats, the seats are literally to die for there so comfortable!.

comes with the original front grill if the sports one is not your style.

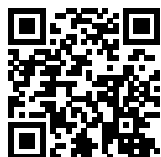

Has had a new exhaust and cat put on.

3 owners including myself and the dealer I bought it off, so basically only has had the 1 lady owner, as of that the car is completely Standard and hasn't been messed with at all. ;
