

For Sale In Hove Earthquaker Devices Palisades Distortion Pedal (180 GBP)

Due to downsizing my pedal board, I have for sale this incredible distortion pedal by Earthquaker Devices. It really is a fantastic pedal, with tons of different combinations and settings available and it even has a built in boost for when you need that extra kick! The item has been gigged a few times but is in near mint condition, with the only sign of wear being a tiny scuff on the top right corner on the back. I am based 2 minutes walk away from Hove station, collection is preferred but can potentially meet in Brighton if not too far away. If you have any questions/queries then please don not hesitate to ask! Many thanks,
