HOHNER STEREO 50

Compact 50w Stereo Powered Speaker System.

Two aluminium edged clip-together cabinets each house an 8" full range speaker.

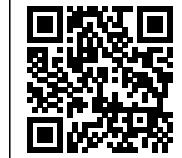

One cabinet also contains the stereo amplifier with volume, balance and three band tone controls.

Each cabinet measures approx. 38cm high x 34cm wide x 21cm deep (42cm total when clipped together for transport).

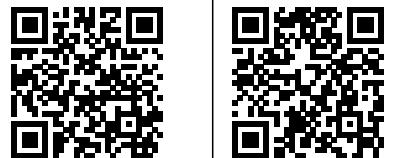

Can be used as a keyboard amplifier, small disco, or portable sound system.

Includes power lead and extension speaker lead.

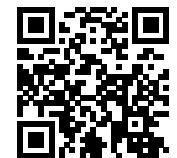

Complete system can be carried in one.
