Pretty much brand new only used a couple of times before but it just sits in the shed all the time. Perfect condition, all gears work well and brakes are all perfect. Chain all oiled up as well and the bike is spotless there are a few chips on the frame from being in the shed but apart from that this beauty just needs a rider. Please call me on 07399938086 073999380...(click to reveal full phone number) for.
