This sofa has served us well, but reluctantly we have decided to replace with new sofas, please note -the large x2 seater has a small tear (please see photo) which has been sewn on the underneath of one of the base cushion covers, we have purchased/received a replacement cover for this, but there is a slight color difference, if you want to use, but to be honest its underneath and cant be seen. all cushions are feather filled, and bases are part feather/foam filled, All covers come off for washing etc. Can sell
