I am no-longer commuting so now do not need a bike. I bought this Inazuma new in February last year - it has given me 100% reliability. Being a 250cc it is super commuter and has a bit more power for a bit of a longer journey too; its cheap to run (claimed 70 -85 mpg) and easy to ride. This bike is in great condition it has been fitted with a centre stand, it has an alarm/immobiliser and it is datatagged.

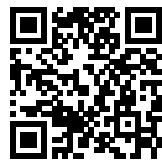

All documents, manual, 2 keys and immobiliser fobs and information present. It has just had its second scheduled service. Bike can be viewed in Brighton. ;
