A complete kit to frame any 12" record with cover/sleeve as a superb gift or centrepiece for your home. Please note this frame is only suitable for single record covers or inner sleeves (not double albums/gatefold sleeves or similar). High quality British made frame with built in hanger. Fitted with clear perspex. Non-slip rubber feet for shelf mounting. Silver plaque with album/occasion details. Record mount, double-sided tape all ready to mount your record. A complete kit with everything you need, including instructions, to mount your record and cover. You can also enter the band name, record title and year of release for the plaque engraving, or alternatively up to 4 lines of text, with a maximum of approximately 50 characters per line. (You can actually have much more text than that, but the more you have the smaller it will be and the less impact it will have. We find the above limitation works well and suits most customers, but if you would like more text then please put it in the notes).
