This Dell Inspiron 560 DUAL CORE Desktop Computer has been freshly installed with Windows 7 Home Premium 64 Bit from the original Dell Media supplied with this Computer.

The Computer has a 320GB SATA II SMART Hard Drive (tested and shown in pictures) and 2.00GB DDR3 RAM Installed (which can be increased) and it runs really well from the Intel DUAL CORE (E5400) 2.70GHz per core Processor.

The computer is also supplied with Open Office Productivity Suite featuring Word Processor, Spread Sheet and Graphics all of which work like and are compatible with Microsoft Office.

Finally, we have installed and set up Microsoft Security Essentials - Antivirus and Antispyware software for your security and protection online and also installed the Firefox web browser. Details of the Dell Inspiron 560
