Stool for sale which has been upcycled by students at William Morris College.

This stool has been re-painted and then polished with pure beeswax. We are a specialist college located in Eastington, our students who have learning disabilities have been working in the Upcycling workshop.

They want to sell items to raise money to buy more furniture, paint and even a trip at the end of the year.

Our students work closely with support to plan, design and upcycle old items of furniture which need
