MacBook Pro System Specifications

Processor: 2.4Gh` Intel core i5 (x2 cores)
Memory : 4GB 1333MHz DDR3
Hard Drive: 500GB (SATA)

Selling due to upgrade.

I have been using this for music production and university work, it has never failed me. Comes complete with charger, and back up boot disk.

Excellent condition, few marks on the outer case on the lid but nothing to heavy.

It has been freshly wiped and re-installed so it reaches you in top running order, it can also be upgraded, and i would be willing to do it for the price of the parts you require.

If you happen to be reading this before pictures are posted, i'm happy to e-mail them over, but you won't be disappointed on viewing.

Thanks for looking
