White, 1 owner, The Honda PCX125 scooter was the first ever two-wheeler to feature a fuel-saving idle stop system. It is a brilliant little scooter in its own right and ticks all the boxes in terms of style, performance and practicality. In terms of build quality and overall presentation the PCX125 is in a different league to some other scooters on the market. This has had one owner and comes with a top box. An ideal first scooter. The North Westâ€™s finest family run motorcycle dealership, £1,750 no
