Hondas 2 Cylinder V- Twin Engine Configuration, Four Stroke, 44.92 HP (32.8 kW) @ 5500 RPM, Fuel Injection, Single Overhead Cams (SOHC), Liquid Cooled, 5 Speed, Shaft Driven, 296mm Single Front Brake Disk, 256kg Dry Weight, 65cm Seat Height, 15 Litre Fuel Tank, Electric Start. This bike looks totally different compared to Honda's other VT750 as the engine housings etc are finished in a mixture of black and chrome which really give this bike a mean and stealthy appearance! Finished in metallic bike this bike really looks the part especially with spoke wheels, screen, a free spirit embossed logo in the chrome work, small sissy bar and traditional studs in the seats this bike definitely won't be hanging around. One owner from new and only 5400 miles on the clock this bike will last you for years, thousands of fun filled miles to be done. Remember this bike is also A2 licence holder friendly so why give in to the darker stealthier side of riding for only £5295. REF
