Amazing smooth-coat miniature dachshund girl is ready for her new, loving home. She have fantastic colour- red with chocolate dapple and she carry silver dapple gene as her mother. She is absolutely stunning girl with explosive energy level and huge love to people, especially children. Great with everybody-females, males, children, any size and breed dogs. Willing to explore surroundings and have great nerve system (not afraid from noises or new environment). Enjoys slug and snail hunting;) I could write a lot about her as she is real pedigree miniature dachshund (weighs 2,8 kg) with all possible benefits which this breed can have.

She is microchipped, vet checked, vaccinated.

Well behaved with potty training pads and happily learns new skills.

I only will sell for a home which understands that this breed is very active and needs a lot of love, care and attention. This breed is not suitable for homes where dog crate takes daily routine for many hours.

So please, if you never had this breed before, do a research first. ;
