

# Iveco Eurocargo 75E 15 7.5Ton - Ascot Supreme NEW Coachbuild horsebox (7,500 G

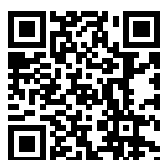

Location **London, London**  
<https://www.freeadsz.co.uk/x-433791-z>

The Coach build was done by Ascot Horseboxes in 2007 their reputation for extremely well made quality horseboxes is well known. This was a whole new body including the living and horse area. The horse area is huge. The floor has good quality heavy duty rubber matting with proper drainage holes around the sides, the walls are half rubber and half aluminium. The partitions are padded and i have had the white heard boards removed (see inside pics) and grills installed so that the horses can see each other. There are 3 large lights in the horse area. There is a full length rug rack, the horse area is well ventilated with 6 windows and 3 adjustable roof vents. The ramp has been sprung for a lady to open and close alone, it is harder to pull down, but very easy to close. There is also an Alpine camera in the horse area to view the horses when in transit, there is also a reversing camera, these are connected to an Alpine screen in the cab - the picture quality is very good. The living area has a double bed over the luton and a single bed in the living, there is a gas hob and grill, cold running water in the sink and water tank under the sink, there is a waeco fridge/freezer cool box fitted in the cupboard. There are over head cupboards and under seat storage all in a modern oak effect, the seating and curtains are a Royal Blue faux suede and all in good condition with a little fading to the curtains. The floor is an oak laminate. There is a small table which is removable and the table and work surface is a black granite effect. There is also a large mirror in the living.
