Vax Cordless Vacuum Cleaner for sale. In very good condition, I have been using it since May 2015, mainly for hard floors. The battery still runs for at least 15 minutes, which is good enough for my kitchen, utility room, living room and reception room. It is very lightweight and the cylinder comes out to be used as a hand-held vacuum cleaner. Great for cars and worktops and the occasional spills (sugar, broken glass, etc.). I have also used it for the carpets upstairs although I have another Vax for the bedrooms upstairs. Selling due to upgrade to yet another Vax cordless (got it at a great price). RRP £89, yours for only £.
