Electronic Point of Sale (EPOS) technology is at the heart of supporting the customer service experience within today's retail, leisure and hospitality environments. Minimising EPOS downtime is, therefore, critical to daily operations, whether that's processing transactions and orders or printing tickets. POS Experts has a specialist, experienced team that supports and maintains EPOS systems for organisations across the UK, including high street retailers, hotels, cinemas, restaurants and leisure clubs. We simply aim to keep your systems up and running so that your business runs smoothly and efficiently.
