

# Suzuki GSX 650 F 1989 (725 GBP)

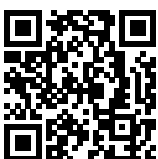

Location **South East, East Sussex**  
<https://www.freeadsz.co.uk/x-434687-z>

Bike is in Worthing, Near Brighton - Offers Welcome Bought this bike in 2012 and stripped, cleaned and replaced any parts I wasn't happy with. Only put it on the road this year. It passed its MOT easily and will do so again next year with no problem at all! Its goes really, really well and is really quite comfortable to ride. Viewing most welcome as will be advertising locally too. I use it to commute to Brighton and cover around 160 / 170 miles per week. 160 miles costs me £15 in fuel at ASDA! I repainted it matt black and everyone thinks that it looks positively evil! (in a good way) MOT till March 2017 – It had an oil change, new front shock seals, new set of spark plugs, my old 750 wavy brake disks, new seats, new battery, led indicators and more! Carbs were stripped, tuned and cleaned too at cost of (£200 alone)

It is, starts, goes & stops, tyres, suspension, clutch & brakes are fine & all lights/electrics work as they should.

It only had 2 other owners and its condition was so good I never haggled when I bought it! The engine is very tight, no smoke, rattles etc. Hear it run here > <https://youtu.be/gNSVLWW1tiA> (copy and paste the link) Selling as I will now finish my RF600 and get that back on the.
