An assortment of variously sized base units, cabinets, interior shelving and white doors removed from kitchen. Also includes a tall oven housing unit and various sized pieces of kickboards, pelmet and countertops.

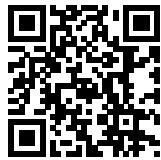

Suit small kitchen, utility or workshop.

The Zanussi double oven is included for free, which was working prior to storage but is being offered free without warranty as spares or repairs as we have no means of guaranteeing it now but it does come with its original instruction book. Photos show all the units as they were stored, but we will try to lay them out as a row of cabinets so that you can see what and how many they are over this weekend. Or you are welcome to come and see for yourself to decide as there are quite a mixture of units! All been stored in garage so will need a clean. Collection preferred but local transport is offered if required but you will need to lift the units on and off the truck yourself at both ends. (Please also see my ad for separately available Electrolux integrated dishwasher with same fitted white door style and which was less than 15 months old prior to replacement of the kitchen and therefore still looks quite new. It comes with its original instruction book too, however it is being offered without warranty as 'spares or repairs' as we have no means of testing or guaranteeing it now. Hence only & pound)
