V-Twin, 4-Stroke, 67.70 HP (49.4 kW)) @ 9500 RPM, Marelli Electronic Fuel Injection, 6 Speed, Chain Drive, Dry Multiplate Clutch with Hydraulic Control, 196KG Dry Weight, 85CM Seat Height, 20 Litre Fuel Tank. Ducati's profile of this bike The exceptional performance of the Multistrada 1000 DS is derived from its impressive twin-cylinder 1000 DS engine and top-of-the-line Superbike components. With prices like these we have made it possible for anybody to own a piece of motorcycling pedigree in a Ducati! This models spec make it sound like an outright sports bike which as you can see isn't the case as it's a comfortable sit up naked / tourer. The bike is finished in traditional Ducati red which straight away makes you take another look. She has some nice touches in carbon with cambelt covers, front mudguard & rear hugger. She has Brembo brakes so stopping this monster isn't going to be a problem. We also have a smoked Ducati screen & heated grips for the not so warm British weather. She is sat on a good set of Pirelli tyres so this model isn't set to hang around, grab her quick and hold on for only £3795. REF
