OWL food state supplements are essentially, real food, without the.

Wise Owl is a high quality range of health supplements, based around food state vitamins and minerals.

98% of all vitamins and minerals available in stores are not food, but synthetic chemicals simulating vitamins and minerals found in food.

Your nutrition is your Medicine
Hippocrates Circa 400BC

Food State nutrients are vitamins and minerals incorporated in a whole food matrix.

Your body recognizes them as food and sends them to where they are needed most.
