

Self Heating Pet Bed (12 GBP)

Location **Scotland, Midlothian**
<https://www.freeadsz.co.uk/x-435416-z>

WHATS NEW pussycat? Self-Heating Pet Bed.

The self heating pet bed is uniquely designed to reflect your pets body heat back to them, helping them to keep warm when it gets cold.

Ideal for use indoors and out and can also be used in the car when travelling.

Suitable for cats or dogs.

Measures 46 x 64cm.

Exterior made of machine washable faux lambswool, with a heat reflective thermal insert. Non-slip.
