

Holyhock seedlings around 100 which germinated about a couple of weeks ago,...ama

South East, West Sussex Location https://www.freeadsz.co.uk/x-435525-z

The most amazing holyhock colour to come across. As seen from the photos, the plants get up to about 7 foot tall with the most fantastic burgandy/maroon colour, that look fantastic in the sun. The seeds were sewn about a fortnight ago & they have all germinated which shows that they're really healthy....the whole tray for sale for £
