How good and healthy is your cold water from a metal loft tank? Complete plastic Polytank 190 litre loft cold water storage tank with fittings. The identical tank on the B&Q website is £122.97. Hardly used, but now surplus to requirements as a different no-tank system was installed. Shows 46x19x19 on the tank but max dimensions are 490mmx510mmx1185mm. Easy shape to get through the loft hatch!
