This was gift to my daughter for University; it didn't go! DAB/DAB+/FM CD Receiver Digital Sound in Pure HiFi Design This micro CD Receiver plays CD, CD-R/RW and MP3 format discs. The built-in DAB/DAB+/FM tuner allows to find a favorite radio station which can be stored on one of the station presets for fast future selection. The dimmable display shows the selected station and other broadcasted information. The amplifier section of CR-H248 delivers up to 2 x 25 Watts — enough to drive a wide selection of speakers. The unit comes in black, brushed aluminum finish. The blue LC-Display is dimmable and a matching remote control is included. Technical Details Features 25 W + 25 W (6 ?, 1 kHz, 0,5% THD) Distortion: 0,03 % (6 ?, 1 kHz, 19 W) Frequency Response: 20-30 kHz S/N ratio: > 86 dB (CD), 49 dB (FM, Mono), 52 dB (FM, Stereo) DAB/DAB+/FM Tuner Analog Audio: 2 inputs, 1 output Subwoofer output Binding Post Loudspeaker Terminals 3.5 mm Phones jack WxHxD: 215 x 108 x 355 mm Weight: 4.2
