Vanessa Cleaning clean homes across Luton, Dunstable, Milton Keynes and surroundings. We offer cleaning services to properties in many different areas and we do not charge any fee for your initial visit. If you are happy with us after discussing your requirements, you can organise a date and time directly with your personal cleaner. Hiring us keeps costs low by using your cleaning materials. Hiring a cleaner from us for a spring clean, end of tenancy clean or regular home visits ensures that your home is kept clean and tidy. The regular house cleaning service would be on the same day with the same cleaning lady to guarantee consistency, security and quality. We provide cleaning services to both businesses and domestic residences. So whether you need a one off clean after a party with friends or a reliable office cleaning team each day, Happy Hands will be there ready to take the mess.
