Auto-trail's very popular Imala range continues to grow with the new Imala 730 island bed layout. This model gives you a front lounge with the benefit of the drivers and passenger swivel seats giving you a comfortable lounging/dining area. Continuing through the van to the middle is a spacious kitchen area with dual fuel hob/oven/grill and microwave oven. The worktop has the benefit of the pull up 230v socket which fits flush when not in use. Plenty of cupboard space throughout means you won't compromise on what you need to take with you. The washroom is opposite the kitchen area and comprises cassette toilet, sink and a separate shower cubicle, which again can be utilised as extra hanging space (wet coats) etc. Finally the van is finished off at the rear with a good size double bed which folds up during daytime use giving you additional floor space (300mm) and somewhere to sit whilst reading a book or watching TV. The bed folds flat in the evening using a simple pull and is ready for use in a matter of seconds. To the left of the bed is a cupboard for storage whilst on the opposite side is the wardrobe with hanging space. Entertainment is provided by the drop down Avtex TV/DVD system in the cab area giving you access to all the Freeview channels or you can use the radio or listen to your own music through the USB connection. For all your heating and hot water needs the van is fitted with a 4kw gas and electric combi blown air system. Lighting is provided by LED lights throughout, TV aerial as standard and a large fridge freezer (96 litre) gives you everything you need and all finished off in a van at just 7.26 metres in length. Blinds and flyscreens are fitted throughout including the door and the van comes with the laminate flooring and removable carpets.
