Can I sublet my caravan to offset my running costs? Well 64% of our owners choose to do this....WHY? We do the national advertising , key handling , linen changes. If you can remember the last time you

stayed in a hotel , you went to your room and everything was clean and tidy, there were coffee and tea facilities, even a nice bath, the service was excellent. In July you can have a holiday in a caravan for less than the cost of a hotel room. The service is so good that you may be able to off peak hire a caravan for less than the cost of a hotel room. It's only a small investment which will do with you for years.

You could also call or text to book an appointment with myself, this will give me a chance to show you the facilities we have to offer you and your family, as well as pointing out some shops, makes and model of caravans. This appointment will give you everything you need in order to make an informed decision on whether holiday home ownership is for our family.
