I am looking to start up a musical practice group in the Heathfield area. I am learning to play the tenor sax and have a great desire to improve but get frustrated with practicing alone. if you play any instrument and would like to meet up with like minded people to practice why not give me a call. I love all music ranging from Swing, Rock and Roll to classic pop. I am probably level 2 so still in the very early stages so anyone joining at the same level can develop together. If you are experienced and would like to help novices progress that would be great too. it would be lovely to think a bunch of people could learn together, develop and then form a band to play in front of an audience (Paying or otherwise). Why not call me, Robert, on 07887 901850. I really look forward to hearing from.
