The "Santorini" Hot Tub (0% Finance Available & Free Delivery)

Including -
 > Free Insulation Cover
 > Free Spa Steps

As you will be able to see from the pictures the SANTORINI hot tub incorporates 1 loungers and an addition 5 seats, allowing seating for up to 6 adults.

The Santorini hot tub comes equipped with multi coloured LED lighting around the waterline and in the foot well.

Another impressive addition to the SANTORINI is that it comes with its own MP3 music system that uses a standard 3.5mm jack and USB connection allowing virtually any MP3 device to be plugged in and stored in its own waterproof chamber located at the side of the hot tub. This allows you to sit back and relax in your spa whilst listening to your favourite songs through the 2 mounted speakers.

All the hot tubs in our ARDEN range are equipped with the Balboa Control system along with a 3kw Balboa heater, offering long term durability and reliability, giving you peace of mind.

All spas in the Arden range come with a sealed base as standard, which is an integral part of the hot tubs support structure.

Insulation is vital to both the running of your spa and the cost of running a spa. We use a foam insulation system keeping the hot tubs temperature at the perfect level by using a heat retaining water
